

Title: Zachary's Notes

Author:

Fong:

(from Vargus)

"He is a great man. He is very stern with the other... Lesser orders, but, with a touch of kindness.

(When asked about the other lessers) "Sanctus..."

And the rest of the Protectorate"

-Fong is in a relationship with Rhiannon.

-Will definitely speak if he has something to say.

Yolen is single, has friends Vargus won't disclose. According to Vargus, if Yolen became mayor his virtuous ways would drive Moonlgow from being neutral, and likely drive Moonglow to befriend Protectorate groups more, including Sanctus. Vargus believes he would weaken Moonglow, as he is a soft-handed person.

-According to Vargus, Fong would rather help Umbra in a fight, while Yolen would help Sanctus.

-Strongest virtue is Compassion, but also likes Honesty, Spirituality, and Humility.

-Joseph is sharp witted, catches onto information gathering very quickly. May be a threat.
